I received your notice of placing a tower on, or near Jois Knot. However I do have doubts concerning this. The owner of this tower is the same Gentleman that placed a satellite dish on Jois Knot, and at this time there was to be only 4 to 6 trees cut on my property, this was fine, I agreed to this, no problem no charge, but after the dish was set, and I had the chance to check it out, I found there was approx, 26 large timbers cut. I contacted Mr. Gearheart about this, at first it was denied, then he agreed to pay for the damage done, but never completed the agreement, he still owes me 3 hundred dollars.

I was told just recently there were surveyors that had cut even more timber on my land, I am not sure who did this.

So, I need more time to check this out and find who is responsible for this.

I find this very disturbing, when I cannot even get T.V. Cable to my house and there is cable just a short distance from my home, running in all directions around me.

I will make a decision soon.

Thank you
